

Ironing out Human Rights

NEWSLETTER | Spring/Summer 2021

Hello!

Hello and welcome to the Spring /Summer 2021 Newsletter for Ironing Relief. It looks like we are finally beginning to emerge out of the shadow of Covid-19 and a new type of normality is resuming. It will be good to shop, go out for a meals and meet with friends in the coming weeks and months.

Blessed to be a blessing

AT A GLANCE...

Ironing Relief's Promise

- 5% of income goes to various charities and NGO's supporting refugees and IDP's in the Middle East
- We will continue supporting Mary and Precious through Compassion

From small acorns

- With your help we have been able to send over £500 to help others since the last newsletter

Spreading the word

If you are happy with the Quality of service and Standard of work we provide And would be happy to recommend us, or even put a review on the website, Facebook, Google or Yell we would greatly appreciate that.

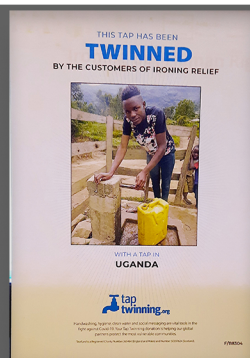

Sponsoring

We sponsor 2 beautiful girls from Kenya as you will have heard me mention in previous newsletters. Mary has her 6th birthday in June and Precious turned 5 in April. Both girls and their families have remained safe during the pandemic and for that we are thankful. Birthdays gifts in monetary form have been sent, so they know they are cared for from a distance

Twin a Tap

As usual we have also looked a little further afield to see where we can make a small difference. We were able to 'Twin a Tap' in Uganda. Such a small gesture from us, but one that makes a huge difference to others. I love that we can help!

English Study

With the money sent to the Middle East, we have enabled support to over 70 children and young adults as they continue to learn English. We have been able to buy study books and stationary to help them in their learning.

IRONING RELIEF.
From Crease to Crisp.
